剑 12-test 5

Health

- Is it important to you to eat healthy food? [Why?/Why not?]
- If you catch a cold, what do you do to help you feel better? [Why?]
- Do you pay attention to public information about health? [Why?/Why not?]
- What could you do to have a healthier lifestyle?

1. 要点提示

- 1) Yes./No. Eating healthy food means you ' ll be healthy./Health depends on many factors. Healthy food couldn' t play a decisive role.
- 2) Say something that you may usually do when you catch a cold, drinking more water, taking vitamin C and going to sleep early and so on.
- 3) Yes./No. Public information about health shows many problems in public health and only when we attach great importance to public health, can we have a strong nation./public information about health didn' t have much value nowadays.
- 4) Say the activities that you know to keep a healthier lifestyle. For example, early to bed, early to rise, etc.

2. 结构提示

- 1) I have to say that eating healthy food is very important to me. We often say that health is the most fundamental productivity. And eating healthy food play a major role in keeping health. Besides that, unhealthy food that contains high calories or fat even could destroy your inner balance of health, which will lead to obesity, hypertension and so forth.
- 2) As far as I know,drinking more hot water and have a good rest will help you feel better when catching a cold. People always say that. However, a doctor once told me that taking enough vitamin C could help you feel better as well. It is said that enough water, vitamins and sufficient sleep enhance the metabolism to get rid of the germs or virus. Apart from that, I suppose that doing something you like will also help you feel better, especially for those you have no time to enjoy, for example, watching your favorite movies.
- 3) Yes. Usually public information about health could tell you some problems in current food industry thus public will raise their attention to improve them, or popularize some latest information on stereotypes of keeping health, which will help you establish more healthy and scientific life habits.
- 4) A lot of things could be done to have a healthier lifestyle. Basically, early to bed and early to rise, thus you have a normal biological clock to ensure enough and high-quality sleep. Besides that, improve your efficiency in doing daily chores could also help you have a healthier lifestyle since beating off procrastination means you have more time to do positive things,which cannot be separated from a healthier lifestyle.

- 4) Very important. /No that important. Music history/different traditions and forms./I don't think singing could represent much in our culture.

2. 结构提示:

- 1) I was good at singing and dancing when I was younger. Certainly, I enjoyed doing it. My parents and my teachers implied me that when you're happy, you would like to sing. It seems to be a way to express your happiness more than sorrows by singing throughout human's history. Besides that, singing is a major part of all kinds of celebration activities. If you enjoy singing, you could have many opportunities to make yourself heard.
- 2) Actually,I didn't sing often because I'm occupied with multiple tasks of life and work. Once I have my own time to enjoy myself, the only thing I would like to do is sleeping. So, when my friends ask me to join in their KTV gathering, I could have an opportunity to sing. Not pretty much, once every one or two months.
- 3) No,I don't have a favourite song because I usually like one similar kind of song. They are classical and often recall your memories. Any fair-sounding song could have the possibility to make you bored with as long as you listen to it too many times.
- 4)Very important. Singing is an important part of Chinese music history. And in China, there're 56 nationalities. They have different and featured singing forms to convey their traditions and culture. They formed the diversity and comprehensiveness of our nation.

剑 12-test 7

Clothes

- Where do you buy most of your clothes? [Why?]
- How often do you buy new clothes for yourself? [Why?]
- How do you decide which clothes to buy? [Why?]
- Have the kinds of clothes you like changed in recent years? [Why?/Why not?]

- 1) Describe the place where you often buy most of your clothes, explain your reasons why you choose to go to that place to buy your clothes.
- 2) Say the frequency that you buy yourself new clothes. Explain why you would like to buy new clothes that often.

- 3) Say some factors that help you make up your mind to buy clothes.
- 4) Say that whether the type of clothes you like changed or not in recent years. Say something that you think lead to the change or no change.

2. 结构提示:

1) I often buy most of my clothes in a big shopping mall near my home. Naturally, I didn't need to spend much time on the way; moreover, the big shopping mall offers a wide range of choices for clothes—the fashionable brands I like, the leisure style I like, or whenever I want to buy clothes for my mom, I could find the most suitable ones. Thus it is why I buy most of my clothes there.

2) Well, I buy new clothes for myself every month. As a young girl, I gradually developed an interest in the topic “how to make yourself look prettier”. As you see, clothes plays a big part in the topic. I don't pursue the trend or so-called fashion, but I'd like to try as much clothing styles as possible. Appearance that makes you feel better could give you more confidence in your daily life.

3) Frankly speaking, the clothing style should be taken into consideration in the first place. That's a decisive factor because you should know it will influence your whole appearance to others. Next one, texture. You see, the higher quality, the longer endurance. Third one, price. Everyone has to consider the cost performance.

4) I like the elegant, sweet and cozy clothing style. You know that elegance has set up a fixed image for the public, especially when using elegance as a standard to evaluate woman. So the kind of clothes hasn't changed in recent years. As for the cozy feelings of clothes, it depends on the materials and texture of cloth, for example, ramie cotton fabric is a common one. It didn't experience much change in recent years.

剑 12-test 8

Art

- Did you enjoy doing art lessons when you were a child? [Why?/Why not?]
- Do you ever draw or paint pictures now? [Why?/Why not?]

- 3) Describe your last experience of going to an art gallery or exhibition.
- 4) Describe the kind of pictures that you like to put in your home.

2. 结构提示:

1) I really enjoy doing art lessons when I was a child. Art lessons would always teach me to make a paper rabbit, a metal frog or a clay sculpture. It was full of fun and discoveries.

2) I don't draw or paint pictures now because I have no time to do it since I'm always engaged in my study and work. Apart from that, I indeed have an interest in drawing or painting but I'm

really not good at it. I think it's a waste of time and energy every time I complete a bad work.

3) Last September I went to an art exhibition. My friend invited me to see the exhibition of art and technology. There I saw many advanced technological art works, for example, a photo frame is also a projector. It was interesting. I guess anyone who went to the art gallery couldn't get distracted when they saw the numerous and amazing displays of these art works.

4) I really have little interest in having a kind of pictures in my home. But if you make me choose a kind of pictures that I would like to hang it on the walls of my house. I like the idyllic rural ones. They are peaceful and yield a power to make people calm and patient. It's a reminder that you have to be nice and warm when you stay with your family members.
